Presbyterian Dedication Set Sunday

Dedication services are planned Sunday at the new First Presbyterian Church on Union Avenue.

Dr. Claude H. Pritchard of Atlanta, Ga., secretary of home missions for the Presbyterian Church, will preach at the 11 a.m. service. His topic will be "How Large Is My Church?"

The dedication will take place at 3 p.m. with Rev. W. J. Stenway, pastor of First Presbyterian Church of Hattiesburg delivering the sermon on "The Church of the Living God."

Dr. Pritchard also will take part in the dedication and others expected here for the service are Rev. John Keels, superintendent of home missions for this area; Dr. R. L. Summers of Gulfport, and Rev. Merlin F. Ussery of Piquette.

Special music has been prepared for the services under the direction of Mrs. Robert Teague, Rev. Edward A. Lindsey, minister, urged the public to attend.

Engineers Check NASA Waterways

Initial contacts with landowners in a portion of the fee area for the National Aeronautics and Space Administration's static test site in Hancock County commenced Wednesday, O. B. Moore, manager of the Corps of Engineers' real estate project office handling the acquisition, announced.

Meanwhile, Col. D. A. Raymond, district engineer at Mobile, was here last Thursday to launch a study of feasible water routes to the test site from the Michoud plant in New Orleans where the engines for the lunar landing project will be manufactured.

In disclosing that enough appraisals have been approved to start negotiations with property owners toward purchase of their land, Moore called on the public to wait until the engineers go to the site, rather than flooding the local real estate office. Not all the appraisals have been completed, he emphasized, and they are prerequisites to any negotiations.

By coming to the office it will impede rather than hasten the purchase process, he explained.

Some 13,500 acres of land are involved in the fee area and indications are it will take at least five months to complete the acquisition. An additional 8 to 24 months probably will be needed to complete negotiations and acquisition of the nearly 125,000 acre easement or buffer zone. First phase of construction this fall includes site development, building of roads and installation of utilities.

Colonel Raymond was accompanied on his inspection of the project site by members of his staff and Horton Webb, NASA project engineer. The water route is required to ship by barge the engines from Michoud to the test site. Removal from the advance approval category for construction that portion of the East Pearl River between Logtown and Gainesville is due to the NASA project.

Also on an inspection trip to the local office and site last week were Gordon Britton, chief of real estate for the South Atlantic division in Atlanta, and Walter E. Mussell, chief of the real estate division for the Mobile engineers office.

All groundwork toward acquisition and development of the site has taken place since NASA filed last Oct. 25 its court proceedings toward land purchase.

PEARLINGTON REVIVAL
Revival services are scheduled at 7:30 p.m. daily next Tuesday through Friday at Pearlington Methodist Church. Preachers will be Dr. W. H. Giles of Sildell, Tuesday; Rev. William Finnan of New Orleans, Wednesday; Brother Miller of Long Beach, Thursday, and Rev. P. E. Hesch, home pastor, Friday. A social will follow each service.

GIRL SOFTBALLERS SIGN
Twenty-two girls have registered so far for the new girls' softball league this season, according to Mrs. Theo Tudy, chairman of the Parks and Playgrounds Commission. The group met for the first time Saturday. Mrs. Tudy also reported that sponsors still are needed for the girls' softball league, in which girls aged 10-15 will participate. Managers for the league also are still needed. To date, 40 new boys have signed up for little league play who didn't play last season.

JOB TEST CALLED
Applications must be filed by April 23 for a competitive examination to fill a vacancy in the near future as clerk-typist at Hancock County Health Department, the State Board of Health merit system has announced. The test will be given in Bay St. Louis. Applicants must be at least 17 years old and high school graduates. Monthly salary range is \$185 to \$233.33.

MOTORISTS CRASH
Miss Dianna Avriett was charged with running a stop sign and having no driver's permit when her Cadillac was involved in a collision with a Buick driven by Mrs. Donald Corr at the intersection of Carroll Avenue and North Second Street at 2:30 p.m. Saturday. Mrs. Corr was given emergency treatment at Hancock General Hospital for a head laceration. Miss Avriett remained in the hospital under observation until Monday. Deputy Roland LaFontaine and City Police Constable Garriga investigated.

STATE REDISTRICTING
Rep. Clarence M. Ladner was co-sponsor of two constitutional amendment proposals presented in the state legislature this week. Special Bill Offered

Supervisors Move To Ease \$ Shortage

The board of supervisors yesterday went ahead with steps to ease its depleted general fund by fixing \$100 as the surplus available on the road and bridge bond to be transferred to the accounts by a local and the bill of the state legislature.

Clerk Claiborne Ladner reported on an audit of the books showing that amount would be available and on motion of Charles Lavinghouse, seconded by I. M. Frierson, was authorized to request Rep. Clarence M. Ladner to introduce a bill calling for allocation of \$29,000 to the general fund and \$12,000 to the

pauper fund. The clerk took the necessary documents to Jackson Tuesday and said on his return that Representative Ladner expected to get the measure in the hopper that afternoon.

Board President R. G. Hubbard, Jr., who had proposed this method of solving the county's financial woes, remarked afterwards, "Well, two headaches are over with but there's no other fund you're going to find sleeping." Earlier he had hoped each district fund could get some assistance from the split but the state wanted out too small to bother with.

The road and bridge bond fund got a boost with the transfer of \$2,000 from county school bond fund and the board agreed to try to clear up as many loans on the books as possible. Repayment of \$28,010.67 to the road protection bond fund from the school board fund to eliminate continued worries with meeting maintenance. (Cont. on Page 6.)

NASA Sub-Groups Present Reports At Monthly Meet

Sub-committee reports in several phases were received by the county NASA coordinating committee at its monthly sessions last week from the information will be supplied to NASA officials at Hattiesburg, Ala., on facilities and growth possibilities here.

Reporting were the housing and relocation, recreation, health, sanitation and safety, health and medical and labor committees, according to R. G. Hubbard, Jr., general chairman. Included were existing facilities and what is under consideration in the way of expansion.

Beckers to Spearhead County Cancer Crusade

Andy J. Becker has been named chairman of the 1962 Cancer Crusade in Hancock County. Mrs. Becker has been appointed to the local American Cancer Society unit. The annual educational and fund raising will begin April 15.

This has been designated as Cancer Progress Year by the ACS and the National Cancer Institute in recognition of the remarkable progress made in the last quarter-century's fight against cancer. Twenty-five years ago, Becker explained, "about 160,000 persons in the United States were alive, cured of cancer. If present rates continue, there should be 1,100,000 in 1962."

The chairman attributed the improvement to developments in research laboratories which have resulted in improved treatment

by surgery, radiation, and chemotherapy, and to public and professional education, combined with more general use of diagnosis, treatment, and prevention.

Noting that much can be done fighting cancer through education, Becker appealed for a record number of volunteers "to make sure that the progress against cancer will not only continue but be stepped up." Volunteers should contact either him or his wife at HO-74030.

AT STATE CHAMBER MEET

Among those from Hancock County attending the annual luncheon and sessions of the State Chamber of Commerce—MEC in Jackson yesterday were Leo W. Seal, Jr., state officer; Powell Glau, Jr., county chamber vice president; Mayor John Scodda, Curtis Matkovic, Norton Hoan and Herman Mazarullo.

Hospital Trustees Discuss Expansion

Discussion of how Hancock General Hospital can best prepare to meet the anticipated growth impact resulting from the NASA test site here occupied its board of trustees Tuesday night. Employment of an architect was considered to begin planning for expansion even though construction may be two or three years away.

At the request of Trustee Cornelius Ladner, Administrator Thomas O. Logue presented a report on practices of Mississippi hospitals in furnishing meals to employees. It showed 37 per cent of the hospitals give no meals; 51 per cent provide one meal; 15 per cent provide two and five per cent three.

Approval of a contract with the American Red Cross as a blood bank storage facility was given with the medical staff and Hancock County Blood Bank earlier in the plan since the previous arrangement with Ochlocknee Foundation Hospital has been terminated.

Resignations from the hospital staff were received from Mr. and Mrs. Palmer Stephens who are returning to Monticello where he will be assistant administrator and she will serve as surgical supervisor. Mr. and Mrs. Charles Gottschalk appeared before the board in clarification of her recent resignation from the nursing staff.

Logue reported Mrs. Lewis Hunt, director of nurses; Mrs. Cecil Hadrick and Miss Dorothy Bruce of the office staff will attend sessions of the Southern Hospital Conference in New Orleans late this month. He also invited trustees to attend a party he is giving for the staff Sunday night at the Jaycee Hall to celebrate recent accreditation of Hancock General.

Mrs. Ruth Winkelman, who is studying dentistry at the University of Southern Mississippi, was employed as an assistant for the summer months when staff vaca-

tions are in progress. Low bid of Dameron Pearson of New Orleans for \$71 for a filling cabinet was accepted.

Nurses aide course slated to start this week has been postponed until next Monday because of conflicting events, the administrator reported.

The March docket of \$7,967.29 including refunds was approved as presented by Treasurer K. W. Peppercorne.

Carter Seeks Area Jaycee Vice Presidency

Candidacy of Charles Carter, Jr., local Jaycee president, for Area I vice president at the state Jaycee convention in Greenville May 18-20 was announced at a membership meeting last Thursday. The area is composed of 11 Gulf Coast clubs.

Plans to raise funds to defray cost of the campaign and make it possible for local members to attend the state meet at Little or no cost were outlined by Bert Stiefel, Carter's campaign manager.

Buck Meek, state president, spoke on the importance of the Jaycee organization in offering young men leadership training and their responsibility in community development.

Guest of honor at the session was Dalton B. Shourds of Mississippi City, one of 12 directors elected at the organizing meeting of the Junior Chamber of Commerce in January, 1920. He was named to a two-year term as director at the first convention in June, 1920. Accompanying Shourds to the Bay meeting were Mack Flickhart, Mississippi City Jaycee president, and a delegation from that club. He is an honorary member of the Handsboro-Ferawood club.

Trailer Tax Collection Told by Assessor

Methods to be applied in collecting taxes from the county's trailer population January were outlined by Assessor George Heitzmann at the board of supervisors Monday at the wake of consultation of the State Tax Commission.

Because the bulk of the trailers seems will be of a more-or-less transient nature, the commission advised that Heitzmann make the check Jan. 1, when taxes are next due. If the vehicles bear an out of state license plate they will be in violation of the motor vehicle law since the new tags go on sale in October and cars without them on Nov. 1 are delinquent.

The assessor will notify the sheriff of non-compliance and these individuals will be required to buy the necessary tags or post bond. Heitzmann said he already has talked with trailer court operator and has been promised full cooperation.

The collection method is the same as that Heitzmann is applying to equipment in the county on Jan. 1, the case arising over machinery of Circle, Inc., and Bush Construction Co. on the Kila Road project.

Assessor County Engineer Arthur Rogers presented a survey of the Jackson Ridge property under consideration as a possible new airport site, suggesting several possible routes for the hard surfaced landing strip.

In response to a resolution recently adopted by the county board of education suggesting that use of the land, which is 16th Section, be put to a more profitable use for the schools, R. G. Hubbard, Best 5 supervisor, commented that the educational system would get all revenue from timber cutting. He questioned the advisability of closing a road which would be required to extend the present airport and cited the high cost of the land.

The board approved charge backs on homestead exemption applications returned by the state as follows: Caroline Argus, William R. Lamb, who recorded objections; Carl Balderfer, Willie J. Carbonette, Julius L. Davis, Mrs. Bertha R. Grant, Martha W. Ladner, Joseph L. Meyer, Louis Nelson, Joseph Patrick and Lydia R. Sick.

Tabled for consideration later were suggested revisions in the state aid road list which Arthur McArthur, county engineer, presented at the request of Best 4 Supervisor James D. Neeles, who sought some deletions in his present schedule to provide for blacktopping of the Kila-Piquette Road to Rt. 609. Supervisors Charles Lavinghouse and Hubbard suggested government plans for road work in the NASA test site and whether some might change the county's planning. I. M. Frierson, Best 2 indicated concern of the dilapidated status of three bridges on the portion of Texas Flat Road in his best but Hubbard said indications are that it will be relocated this way.

City Schools Eye Growth At Closed Board Meet

The city school board Monday night went into what amounted to secret session to discuss its plans for coping with anticipated growth as a result of the NASA and Michoud projects in the area after disposing of routine business in about one hour.

Superintendent J. D. McCullough told trustees of the Bay St. Louis Municipal Separate School District that he preferred his report on compilation of data for assistance under Public Law 815 and accompanying figures from local home builders not be discussed with the press present. He said he thought it was something "that should be released at the appropriate time."

Trustee Maurice J. Artigues then moved for an executive session "so we don't embarrass this board or the press" and then, when President R. L. Hamilton brought up some other matters of public record to complete the agenda, moved to adjourn the meeting and the Echo reporter present was invited to leave. Motion to adjourn was approved.

conceded by Trustee Theodore Thomas and the session formally concluded at 8:35 p.m. Attorney Sam Favre remained with the board.

Just before adjournment, Hamilton reported that Architect Fred Wagner, who has been bedridden with virus pneumonia, had informed him he hoped to have plans completed by next weekend on the school system's proposed stadium and long-range building program. It was indicated that rather than bring the matter before the school board at a special meeting, Wagner's report will be forwarded directly to City Commission Council which holds the purse strings.

McCullough expressed hope that grass planting at the stadium could begin soon enough to stage the opening football game there next fall for Bay High.

Minutes of the March meeting were approved with corrections inserted as to purchase of the school bus chassis from Ben Hill Motors to show that firm as low bidder. On Artigues' motion seconded by Trustee Sam

Whitfield the transportation and other current costs and district maintenance dockets were approved as presented after some questioning on expenditures and selection of service and supply merchants.

A report was read on the fire safety inspection from the assistant superintendent of the rating bureau school property "in excellent order," but recommended fire extinguishers at the Waveland School be checked annually and tags to that effect attached and pilot lights be installed for frons in the home economics department. The former correction already is being made as a standard operating practice.

Superintendent McCullough reported on the status of faculty vacancies for the 1962-63 season and discussed residence requirements for pupils enrolling in the system. Children living with grandparents or others must be legally adopted to enroll without tuition, he asserted. (Cont. on Page 10.)

Polly

At Waveland

With winter gone, can spring be far behind, behind, behind—? Obviously it can and is. Grass green, flowers bloom, birds sing—even the sun beams on occasion—yet those blasted cold fronts continue to sneak away from their natural habitat and foul up our normally perfect (well almost) April weather. Haven't decided whether to blame it on nuclear testing, moon shots or Nash Roberts, but something's gotta give and SOON. Those hazardous bathing suits displayed in local stores will be so much more tempting when the mercury begins to rise!

Welcome to Town

First on our agenda this week is a very cordial welcome to Waveland Mr. and Mrs. Donald Landry and children—Donald is certainly no newcomer, but the fact that he and his family are permanent residents—they're living on Sixth Street—entitles them to this form of greeting.

While we're welcoming we'll also send 'gled you're home' messages to Dr. and Mrs. John Dicks, who've just completed a 4,000 mile Texas trip, to Col. and Mrs. Marcel Gillis, who thoroughly enjoyed their Florida vacation and to Dean and Mrs. James Robert, they too have just returned from the Sunshine State.

The Dukes, Peggy and Claude have moved into their Beach Blvd. home for the summer. Bill Gaudet, one of our most inveterate travellers, popped in from South America last week—he'll be off to Madrid City thence on to New York in a few days.

Teena and Lambert Borgeades were all smiles—grandson Peter and of course his parents, the P. V. Youngs, were their weekend guests.

Molly and Dave Casey drove over from the Crescent City Thursday—Dave's looking wonderful—apparently completely recovered from the stroke he suffered recently.

Happy birthday (belatedly, of course) to Laura Hunter who spent the day (Thursday, April 5,) picking up donations from St. Clare parishioners as a farewell gift to Father Costello. Father left via ambulance plane for his new home in Chattanooga on Saturday.

Sports Scene

Brewster Mullere and Bill Goelzenleuchter complicated their angling last Thursday by hooking a ten pound shoe pick—(so help me that's what they called the gar-like monster) on a four pound test line—to make matters worse, they landed it in a small plywood skiff—add ten pounds of unwieldy epicurean to Brewster and Bill's combined poundage—neither can sincerely be referred to as daisy—and we can only breathe a sigh of relief as we state that all three landed safely. The water finally cleared Saturday and the seawall near Jackson was lined with such faithful fishermen as Fred Bourgeois, Pat Garcia, Bill Favre and Buddy Dufour. As for hunting, the unofficial real duck season is as open as it will ever be—which means NEVER, and they're still getting frogs, though they should become more plentiful with continued warm weather.

Bay Side of the News

It's good to see Miss Miriam Engman up and about...she's really looking wonderful after her recent serious illness...get well wishes to Stella Gex who has also been under the weather. Mr. and Mrs. A. Gaddy formerly of Brooklyn, N. Y., are now making their home in the Bay. Mrs. Gaddy is a native New Yorker, Mr. Gaddy, a St. Stanislaus graduate, was born in New Orleans.

Sympathy is extended to Jean Longo—Korean War hero, Maj. Thomas P. Ingrassia, killed Saturday in a parachute accident near Grants, N. Mex., was her cousin.

Lloyd Hoffmann is due congratulations—lovely Ann Eastie Felto is wearing a diamond cluster on THE finger...they will wed in June.

Also in line for congratulations are the Curacis, Florence and Phil, who expect their second child in August...daughter Phyllis is now ten, and much excited at the prospect of a baby brother or sister.

Complaint Dept.

With the advent of weekenders the problem of garbage dumping is here again—some thoughtless soul littered a lovely beachfront lawn last week—We have a very efficient refuse pick-up each Tuesday and Friday morning—please put all refuse in cans with tight fitting lids and the town truck will do the rest!

Time for a brief botany lesson—We're told that now's the time to plant gu-goots—to the uninitiated, (and we were among these until enlightened by Douglas Bourgeois last Saturday) gu-goots are a yellow edible gourd allegedly delicious when prepared like mirlitons (with shrimp, etc.)—so, if you desire something slightly novel in your garden, go out and purchase gu-goots seeds, and don't blame us if the salesman thinks you've flipped!

Little Stevie Haas sort of pulled a Lizzie Borden, accidentally however, when he sliced older brother David's arm with an ax Monday afternoon...a number of stitches were required to close the wound in the emergency room at Hancock General. Myrtle and Wesley Haas are his parents.

Animal Notes

This week's bit concerns a missing cat—the feline, a large rust colored male, disappeared from the Earl Cauzebon home last week...he's very gentle, friendly—loves to ride in a automobile and could have hopped into someone's car...Mrs. Cauzebon's mother is confined to a wheel chair and is grieving for the missing pet.

A rummage sale to benefit St. Joseph Academy will be held on the corner of Easterbrook and Natchez Streets Monday, Elaine Davis is chairman and if anyone wishes to donate used clothing, dishes, pots, pans, etc., call HO 7-6192 and she will gladly pick up any and all donations.

Emelda Price is a patient in Hancock General having had major surgery on Tuesday.

Encouraging news from Hancock General—Little Cindy Klein was released from an oxygen tent for the first time Sunday and managed to breathe well and cry under her own power. She suffered from a severe bronchial infection. Grandmother Claudia is also feeling much better—she was quite ill Saturday, but was sufficiently recuperated to attend the C-L Fair Sunday.

Fair Was Great

Speaking of the fair, it was a success again this year...how anyone could pass up the tempting barbecue odors, we can't imagine...Present were such dignitaries as Dick Bruce of TV bite-eating fame and Sheriff Louis Heyd...Grace Borgeades and Nettie Burleigh reported a profit of almost \$70 on the plant booth...Elaine and R.E. Steimle grossed \$31 on the grab bag...other workers included Marie and Lloyd Garcia, Gloria and Herb Peterson, Beulah and Herbert Peterson, Francis Carr, Joyce and Fritz Garcia, Betty Klein, Shirley Hawkins, Josie and Clarence Herbig, Ruth and Al Landry, Helen Borgeades.

Exodus Theme Chosen for BWGC Spring Show

Gladys Baxter, Pat and John Gobres and numerous others...Some of those enjoying the food and games were Lena Cuevas, Maude Favre, the Alfred Dasgits, the George Gaddys, Carmel Lantant Ed Hawkins, Elaine Davis, her papa, Mr. Frey, Ray, Sam and Will Borgeades, Mrs. Monroe Garcia, Nina Green, Annabel and Dick Proctor, Mary and Joe Rousseau, Doris and Baldwin Wilday and Doris' parents, Mr. and Mrs. Dan Sellen who leave on April 29, for San Francisco, Los Angeles and the World Fair in Seattle, Wash...they'll be accompanied by grandson Danny Wilday, who has been granted a month leave-of-absence from school for the trip.

Specialist Five Clemence Cuevas popped in Saturday night to surprise mamma Lena and brother Ellis...Clemence who is stationed at Ft. Meade, Md., with the U. S. Army, has been away from home for three years...he must be quite a bowler as he displayed a clipping from a Laurel, Md., paper mentioning a 560-208 series in league play.

On the Avenue

Jenny Trapani, off of her beaten path, but welcome in our town—Norma Duherr, happy to be home, once more—Peggy Hepding, a brand new do-it-yourself decorator, Peggy has just discovered the 'joys' of painting—Bob Torgersen, 15 pounds lighter thanks to Mazola Oil and tomato juice—ugh, sounds like a greasy Bloody Mary—and Henry Deville who obviously has no trouble with calories!

SIGHTS AND SOUNDS ALONG THE WAY - Horseback riders all over town—almost more prevalent than bicycles—children at play, obviously undisturbed by annoying swarms of gnats, snowy white plumbing fixtures in front of summer homes—mute reminders of the pardon-the-expression, freeze and the restful sounds of small waves lapping

Schedule has been completed for the annual spring flower show of Bay-Waveland Garden Club which will be Thursday, April 6, from 3 to 8 p.m. and Friday, April 27, from 10 a.m. to 6 p.m. at the Garden Center.

Mrs. Wallace Leighton Chavis, show chairman, and Mrs. B. J. Peters, co-chairman, said Biblical Events Based on Exodus will be the theme. In the artistic design division, it is portrayed as follows:

Class I—Burning Bush, vertical; Class II, Manna, Behold I will rain Bread from Heaven for you; Class III—Golden Calf; Class IV—Quail, dried materials allowed; Class V—Flowers in the Meadow, as you like it; Class VI—Jewels, corsage. In the arrangement divisions for high school and grammar school pupils, the Classes I through III are the same as in the senior group. Class IV in the high school group is Jewels, corsages; and in the grammar grade division it is Flowers in the Meadow, as you like it.

In horticulture, the schedule is: Sec. A—annuals and perennials, three stems, pansy, daisy, calendula, etc.; Sec. B—bulbs, corns, rhizomes, one stalk, iris, daylily, etc.; Sec. C—roses, one stem or spray, tea, climbers, etc.; Sec. D—flowering or berryed shrubs, vines or trees, single spray or branch not over two feet; Sec. E—potted plants, classes for each variety, pots not to exceed seven inches; Sec. F—dish gardens and terrariums; Sec. G—vegetables and fruits, three each of each variety as carrots, beans, berries, etc.

Division V is collections of relentlessly against what remains of our beach.

Parish Groups Plan Party For Veterans

Plans were started by the Ahar and Blessed Sacrament Society and St. Margaret's Daughters for a party April 21 to honor patients at the Gulfport VA Hospital under auspices of the National Council of Catholic Services when the groups met jointly last Thursday at Our Lady of the Gulf Parish Hall. Mrs. E. J. Arceneaux, who presided, requested members to provide refreshments and assist with entertainment.

Mrs. M. A. Phillips, Jr., president of the altar society, announced that group communion for all women of the parish will be at 7 a.m. Sunday.

Rev. Kevin Reid, spiritual director, commended attendance at the recent mission. Appreciation was expressed to Mrs. Alden Moutray, chairman of the sale of religious articles, and Mrs. O. W. Ivan Bradford and Mrs. O. W. Dalph, co-chairman. Miss Kathleen Renschow reported on membership.

Coffee was served later by Mesdames E. M. Brignac and Lucien G. e. x. April guild hostesses, Mrs. Rosalie Benigno won the entrance prize.

Town, Country Club Appoints Committees

Mrs. Calvin Phelps, A. Edwards and James Daly were appointed to the garden of the month committee of the Town and Country Garden Club which met Tuesday at the home of Mrs. Adrian Chagnard.

Mrs. Robert Teague accepted chairmanship of the program committee. Other appointments were Mrs. Edward LeVasseur, publicity; Mrs. Earle Gates, benevolence and ways and means; Mrs. John McNamara, scrap book; Mrs. L. A. Sauer, Jr., awards; and Mrs. Chagnard, librarian.

A gift was sent to Mrs. Louis Moreau, retiring president. Mrs. Teague spoke on flower arrangements and gave each member love-apple seeds. Mrs. Sauer read a brochure on helpful hints for growing plants. The club project for the month is to donate \$5 to the Crippled Children's Easter Fund.

Ribbons for arrangements were awarded to Mesdames McNamara, first place; Chagnard, second; Teague, third; Phelps and S. K. Kepner, honorable mention.

School Menus

NORTH CENTRAL

MONDAY—Barbecued pork, green lima beans, carrot and raisin salad, grapefruit sections, hot rolls.

TUESDAY—Pinto beans, cabbage slaw, cheese sticks, peanut butter cake with raisin sauce, cornbread.

WEDNESDAY—Meat sauce on rice, sauerkraut, cake with cherry sauce, cornbread.

KERN'S REMODELS—Checking merchandise for Kern's 5 and 10 remodeling sale are Mrs. Marguerite Kern, who took over management of the store in 1948 after her husband's death, and Joseph Kern, Jr., who joined the business in 1960 after graduation from Mississippi Southern and a stint in the Army. The firm opened in 1942 as a Ben Franklin Store, Remodeling, in which Paul Whitehead, coast superintendent for the chain, and Tom Joynt of Memphis, assisted, includes new adjustable fixtures, floor, front and Ben Franklin sign along with expansion and addition of several lines of merchandise.

ANOTHER DO IT YOURSELF—John Martin of Mobile, Ala., representative of Regan Co., demonstrates how to use coin-operated dry cleaning machines at Hazel's Laundromat grand opening last weekend. At right is Mrs. Emmet Demoran, proprietress.

Methodist Revival Slated Holy Week

Main Street Methodist Church will launch its Warm Up Your Heart revival on Palm Sunday with preaching daily at 7:30 p.m. through next Friday.

The pastor, Rev. E. E. Price, will preach at the 11 a.m. service on the Lenten theme, What Crucified Jesus, his subject being The Sin of the Public. Three of the pastor's membership class will be baptized at the close of the service. The entire class will be received into full church membership at the 11 a.m. service Easter Sunday.

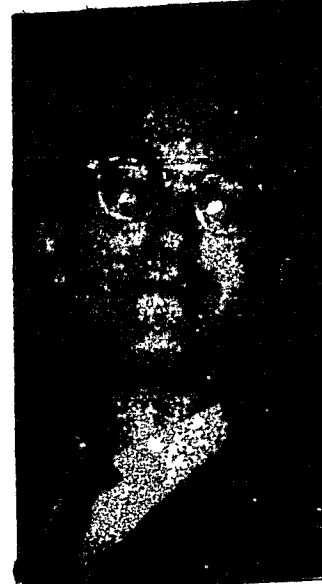

Visiting preacher will be Rev. G. R. Childress. He will speak at the 7:30 p.m. Service Sunday and throughout the week. He holds a bachelor of divinity degree from Emory University and has had special training in counseling. He will be available for counseling with groups in the fellowship hall and with individuals in the pastor's study after each evening's service. A nursery will be maintained each night during Holy Week.

Singing for the revival will be led by John Douglas, Jr., of Macon, a cantor at Millage College where he is majoring in music. He will arrive at the parsonage Saturday afternoon.

The 24-hour prayer vigil, with W. W. James in charge, begins at 8 a.m. Saturday and closes at 8 a.m. Sunday. Some 15 or more young people from the church are planning to attend the district youth rally at Mississippi Methodist Church at 7 p.m. Saturday.

p.m. Saturday. C. C. McDonald, attendance chairman for the revival, has divided the church into six attendance committees. They are Sunday, church school and staff, W. R. Pitcairn; Monday, official board, C. C. McDonald, Jr.; Tuesday, WSCS night circle, Mrs. A. J. Ramager; Wednesday, WSCS morning circle, Mrs. Otis Winard; Thursday, youth night, Carol Western; Friday, WSCS afternoon circle, Mrs. Leo Seal.

A prayer breakfast, especially for retired men but open also to others, is planned at 8 a.m. Tuesday in the fellowship hall. Herbert Wiles is in charge with Dan Beyers handling attendance.

Also during Holy Week, prayer groups will meet at 10 a.m. in the following homes: Monday, Mrs. W. A. McDonald; Tuesday, Mrs. H. J. Thompson; Wednesday, Mrs. T. P. Clapp; Thursday, Mrs. T. T. Robin; and Friday, in the sanctuary, Lenten study on The Meaning of Suffering, led by Mrs. J. W. Clark.

A sunrise service is planned at 6 a.m. Easter Sunday in the sanctuary.

Power Firm Asks Overhead Cable At Bayou Lacroix

Mississippi Power Co. has applied to the Army Corps of Engineers at Mobile for permission to construct an overhead cable at Bayou Lacroix adjacent to the new Rt. 603 bridge.

The application calls for an aerial electric transmission line providing a minimum vertical clearance of 40.2 feet above mean high water El. 1.8 m.s.l.

Plans made by seen at the office of the district engineer in Mobile and protests against the construction from the standpoint of navigation should be filed there not later than April 15.

Decision to issue a permit must rest primarily upon the effect of the proposed work on navigation, the corps noted. It cannot settle conflicting claims to property rights affected by the proposed work.

The Hidden Values

**you get
with every
purchase
in your
home town
stores**

YOUR DOLLAR spent in your home community will get you just about the same size package of merchandise or service that a dollar will buy anywhere else.

But there's a **BIG BONUS** you get when you buy where you live . . . an extra reward for buying at home.

YOU DON'T ALWAYS NOTICE IT or think about it when you're buying, but it's there just the same . . . hidden in the intricacies of modern life.

IT COMES TO YOU in the form of a busier and more prosperous community . . . a place

in which you can make a better living . . . easier. This premium for buying in your own community includes better schools, stronger churches . . . and neighbors who are more able to share in the work and the expense of all community projects.

This **EXTRA VALUE** that you get for your home-spent dollar also includes greater opportunities for you and your children . . . better shopping facilities and more skilled service people conveniently at hand, and . . . most important of all, the quiet and full life that only those can know who live in a prosperous American rural community.

LITTLE LEAGUE TIME DRAWS NEAR - Youngsters by the dozen signed up with Mrs. Theo Tudury, city recreation director, at the city ball park Saturday for Little League play this summer. (Photo by Ed Fayard, Jr.)

Harry Hears...
Jones and Rock Track

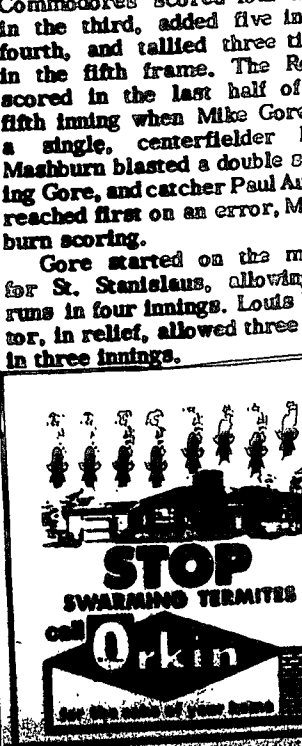

Baseball games and track and field meets are the leading sports events in the local area. St. Stanislaus seems to have one of the strongest track squads on the coast, chiefly because of the continuous good performances by Junior Colder Jones, one of the best high school sprinters we've seen in a long time. Jones' best events probably are the 220-yard dash and 440-yard run, but two weeks ago against Gulfport in his first meet of the season, he ran the 100-yard dash in 10 seconds flat! We imagine that run is the best thus far this season on the coast, and maybe Jones will improve on it as he gets deeper into the year. Another top Rock performer is Waldo Caceres, who, like Jones, is a sprinter. Caceres can break 11 seconds in the 100, won first place in one meet with a 23.8 220-yard dash, a very good showing, and teams with Jones to lead Coach Billy Rhodes' 440-yard and 880-yard relay teams. Long distance running hasn't been as successful for the Rocks thus far as sprinting, but miler Angelo Russo has done a good job, usually finishing high enough to add valuable points to his team's total. The best of the Stanislaus field performers appears to be Richard Stinson. In a three-way meet with Bay High and Notre Dame of Biloxi last week, Stinson threw the discus 106' and the shot 38'4", winning both events.

In the Tiger Camp
 Bay High has only participated in one track meet this season, so its hard to say how good a squad Coach Wilmer Seymour has, but from what we've seen in practice sessions, there are a few pretty good boys on the Tiger team. Donald Everett, a junior, has been showing up well in several events. He broad-jumped close to 20' last week, and ran the 440 in about 48 seconds. Teddo Thomas was the only Bay High boy to win a first place against SSC and Notre Dame in the Tigers' lone meet thus far, the high jump with a 5' 2" leap. He's also a good runner - probably the best of the Tiger 880-yarders and runs well in the 440. Frank Miller ran the mile in the SSC-Notre Dame meet - he was the only Tiger entry - but has been used by Coach Seymour chiefly for shorter distances lately. Morris Lizana and Lonnie Schultz, the latter only an eighth-grader, have been doing most of the mile running the last few days. Billy Pahlman has looked good in the shot put, hitting 41 feet earlier this week. Pahlman placed second in the SSC-Notre Dame meet. Al Watts looks to be the best of the Bengal 100-yard dashers, but other sprinters, namely Johnny Penton, Tim Fagen, Tommy Benigno, and Ronnie Russell, also deserve mention.

GridTime in Jackson
 Four collegiate games involving half of the Southeastern Conference's 12 teams and three of next year's leading title contenders are on tap for the '62 football season at Mississippi Memorial Stadium in Jackson, and it is suggested that interested persons buy their tickets as soon as possible. The schedule opens Sept. 22 with a contest between Mississippi State and highly-regarded Florida. The following week Ole Miss meets Kentucky; Oct. 20 the Rebels play Tulane, and the final game of the season will pit Mississippi State and LSU Nov. 17 in a contest which is always good. All games will begin at 8 p.m. - there are no day-night doubleheaders scheduled. Tickets for the games - all SEC conference engagements, are \$5 each - season tickets sell for \$20. Orders should be mailed to: Mississippi Memorial Stadium Commission, P. O. Box 4574, Foundation Station, Jackson 6, Miss. Orders must be accompanied by check or money order made payable to: Mississippi Memorial Stadium Commission. Do not order by cash! Each order should include 50 cents for postage, insurance, and handling costs whether it's for one or 100 tickets. Feeling that priority for the choicest seats allocated to the Commission should go to purchasers supporting the entire schedule the Commission will fill ticket orders as long as tickets are available in the following sequence.

Sports stars of the week: Arnold Palmer scored brilliant 4-under par 68 to win Masters Golf Tournament in 18-hole playoff after tying for first place with Gary Player and Don Finsterwald - Paul Pender retained middleweight boxing championship of New York, Massachusetts, and Europe with 15 round unanimous decision over England's Terry Downes in Boston Saturday - Philadelphia Phillies and Washington Senators won opening day major league games Monday to briefly hold unfamiliar first-place position in respective leagues.

Commodores Blast Rocks
 St. Stanislaus's Rockchaws, under coach Buddy Piralo, dropped a 14-2 baseball decision Monday afternoon at St. Stanislaus Stadium to the Gulfport Commodores of the strong Big Eight Conference, as Commodore pitcher Eddie Miller allowed the locals only five hits. Gulfport was in charge all the way, scoring two runs in the top of the second inning. The Commodores scored four more in the third, added five in the fourth, and tallied three times in the fifth frame. The Rocks scored in the last half of the fifth inning when Mike Gore hit a single, centerfielder Mike Mashburn blasted a double scoring Gore, and catcher Paul Aucott reached first on an error, Mashburn scoring. Gore started on the mound for St. Stanislaus, allowing 11 runs in four innings. Louis Pappas, in relief, allowed three runs in three innings.

BOBBY VAN CALSEM
Van Calsem Signs Grid Scholarship With Pearl River

Bobby Van Calsem, Bay High grid standout of the past season, last week signed a two-year football scholarship with Pearl River Junior College. Van Calsem was voted the Gulf Coast Conference's most outstanding back last season in leading Coach Lance Lumpkin's Tigers to a second-place league finish. He was co-captain of the Bengal squad. The 190-pound fullback will report to Pearl River Aug. 20 for pre-season practice.

Qualifying Opens

Depend on it to give you an honest day's work for a long, long time and not cost much to run or keep up. It's a Chevrolet.

Trucks aren't all alike. This Chevrolet has double-wall roof, doors and side panels. It has suspension that helps it last longer by reducing road shock. It has a non-skid wood body floor. It has as tough a tailgate as you'll find. It has an all-welded frame made of high-quality steel. Most important, it has a name everybody respects because they know it stands for quality. When you make up your mind to buy, get this one. We know you'll be happy with it.

HAVE YOU LOOKED INTO CAMPER BODIES?
 This is a fine way to enjoy the outdoors comfortably and at low cost. Many Chevrolet dealers are showing camper units now. Drop by and investigate this great way to make a truck do double duty. A strong Chevrolet is your best bet for work or play.

See your Chevrolet dealer for trucks that keep working and working and working and working!
